

Worked Examples – Use the numberlines to work out the following

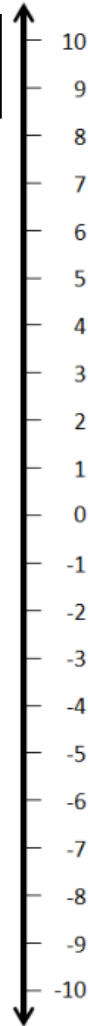

$$(+2) + (+5)$$

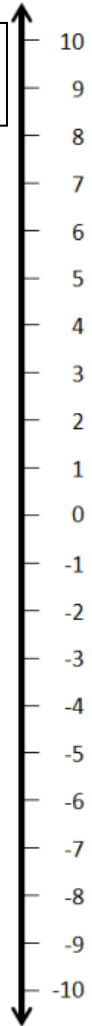

$$(+2) + (-5)$$

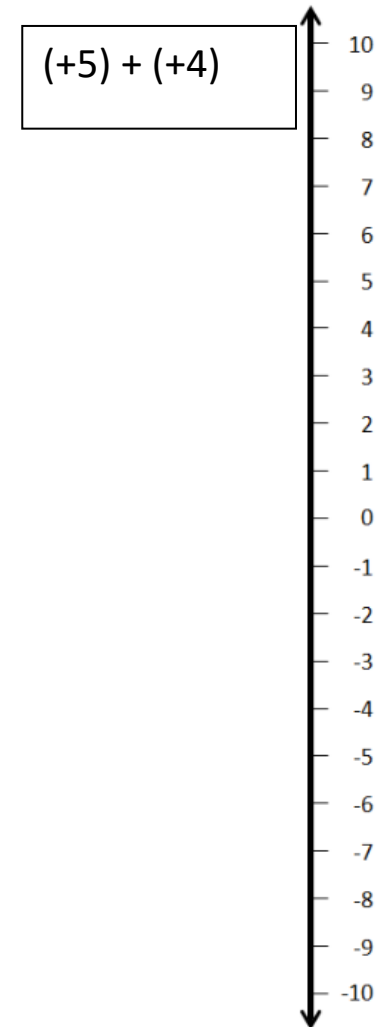

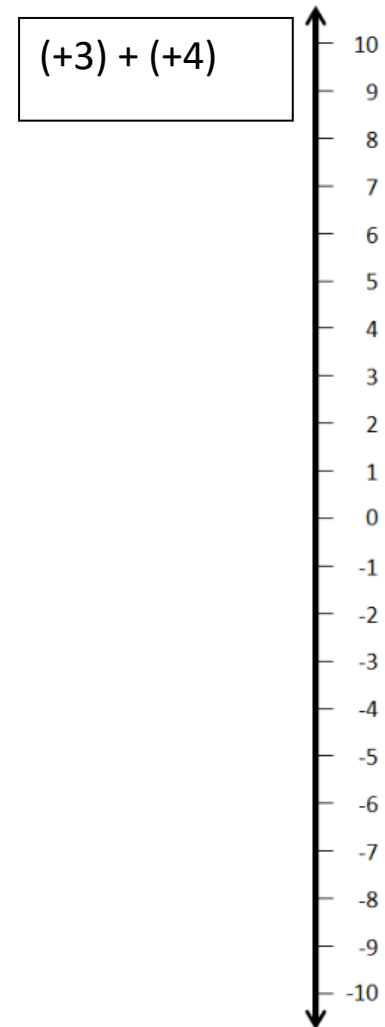

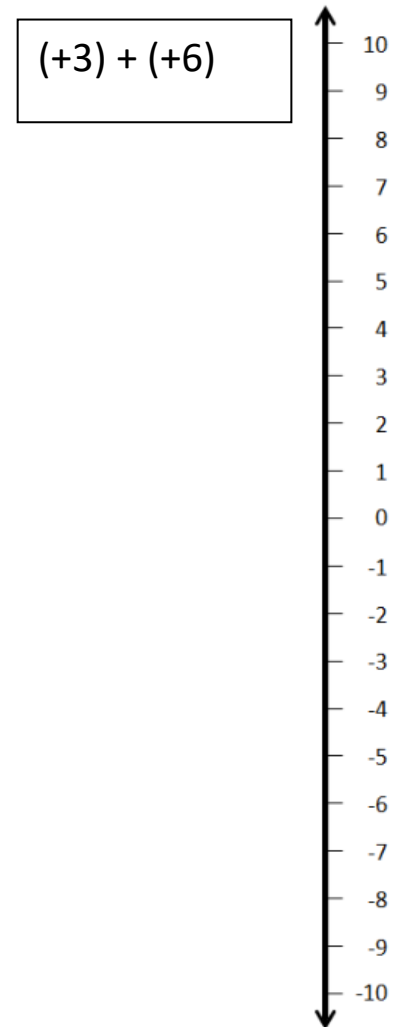

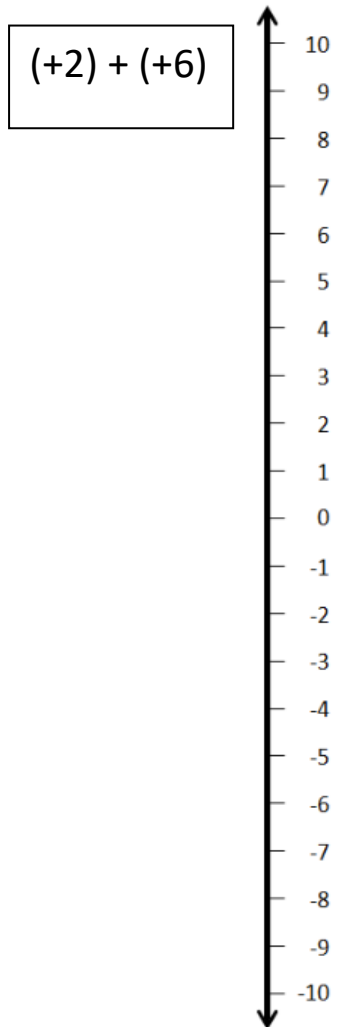

$$(-2) + (+5)$$

$$(-2) + (-5)$$

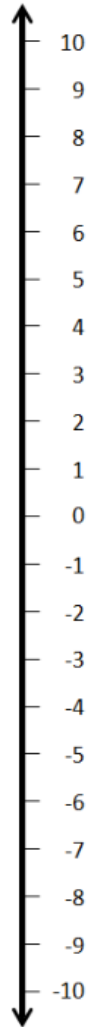

Use the numberlines to work out the following

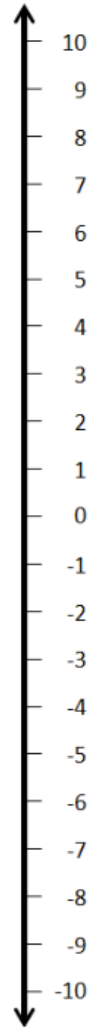

Use the numberlines to work out the following

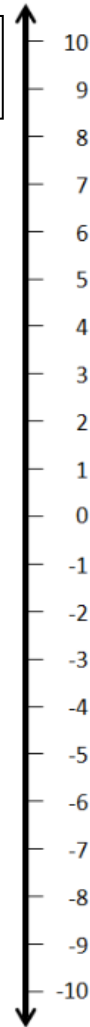

$$(+2) + (-6)$$

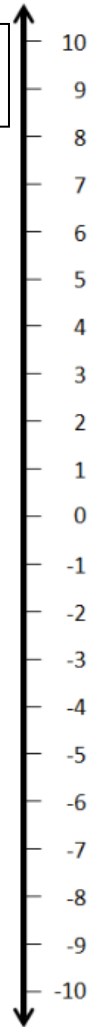

$$(+3) + (-6)$$

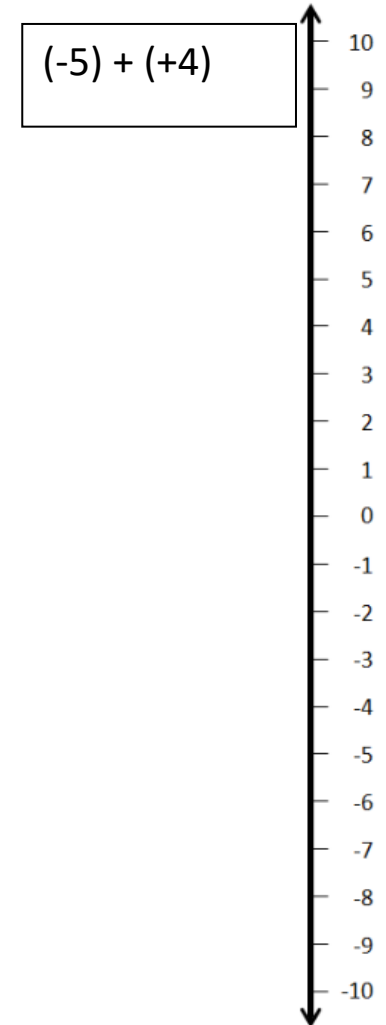

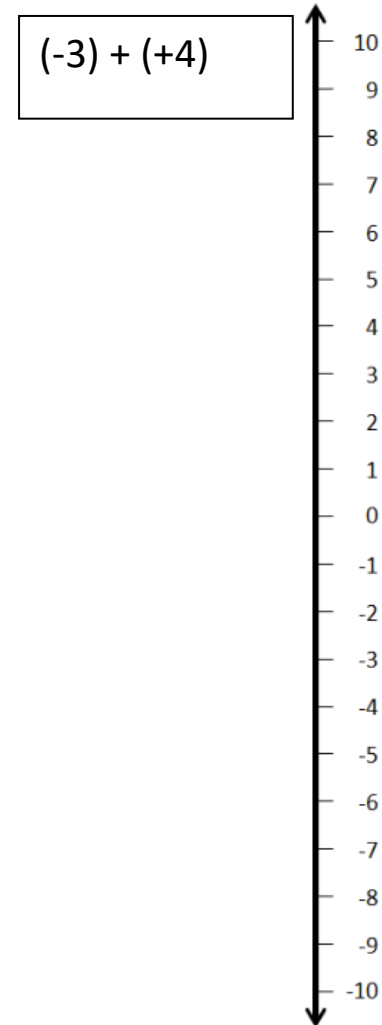

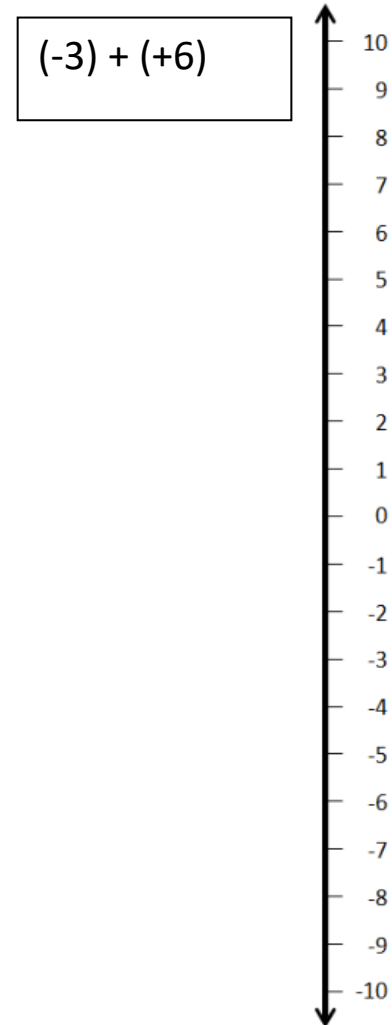

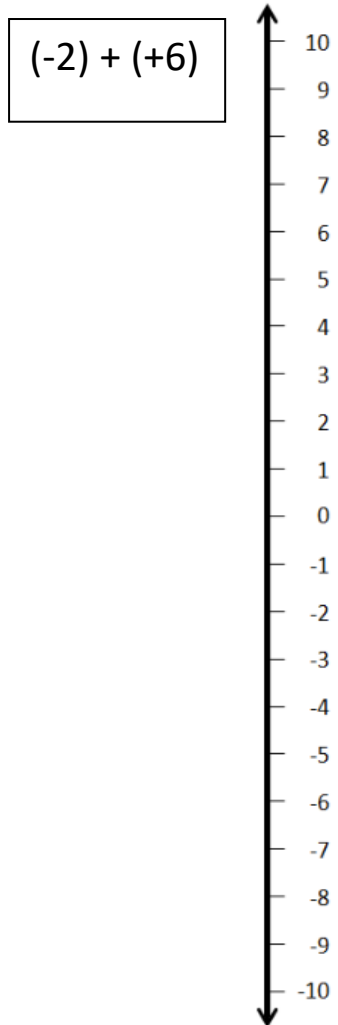

$$(+3) + (-4)$$

$$(+5) + (-4)$$

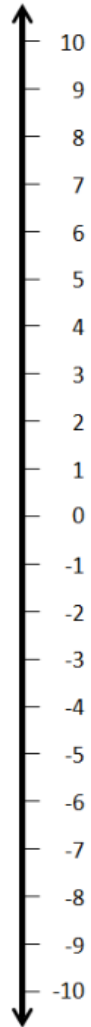

Use the numberlines to work out the following

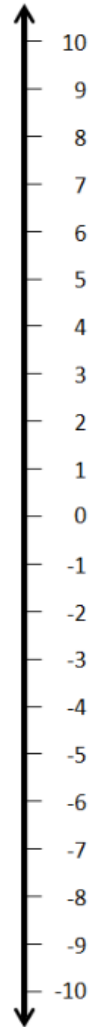

Use the numberlines to work out the following

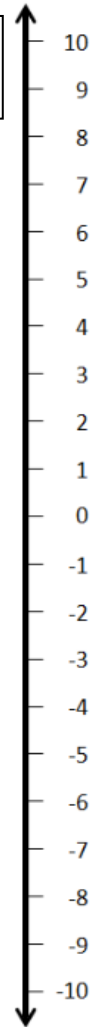

$$(-2) + (-6)$$

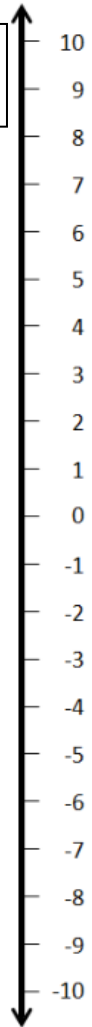

$$(-3) + (-6)$$

$$(-3) + (-4)$$

$$(-5) + (-4)$$

Use the numberlines to work out the following
