Double Line Graph - Recycling Cans

The Island Middle School and the Eden Middle School collect all the aluminium beverage cans for recycling them at the end of each year. The data shows the weight of cans (in pounds) recycled from 2008 to 2013. Read the data carefully, make an appropriate scale and draw a double line graph. Also label the axes and write a title for the graph.

Year	Island Middle School	Eden Middle School
2008	700	500
2009	600	400
2010	700	600
2011	800	500
2012	900	600
2013	800	700
